PROFILE SUMMARY

I am a Java Full Stack Developer with strong knowledge of Core Java, JDBC, SQL, and Spring Boot. Hands-on experience building RESTful APIs, implementing authentication, and designing scalable backend systems using layered architecture. Familiar with front-end technologies including HTML, CSS, and JavaScript, along with database management using Oracle SQL. Seeking an opportunity to start my career in a growth-oriented organization where I can enhance my technical skills and contribute effectively to projects.

EDUCATION

Biju Patnaik University – Trident Academy of Creative Technology, Bhubaneswar
Master of Computer Application (MCA) 2023–2025

Gayatri +3 Science College, Odisha
Bachelor of Science in Botany 2020–2023

Royal Higher Secondary School, Odisha
Council of Higher Secondary Education 2018–2020

Saraswati Sishu Vidya Mandira, Odisha
Board of Secondary Education 2018

PROJECTS

Zira Intelligent Workspace
Technologies: React.js, Node.js, Express.js, MySQL, JWT, Tailwind CSS
This project represents a significant advancement in project management solutions, specifically designed to address the critical challenges faced by teams in managing tasks and projects effectively. With a user-friendly interface, ZIRA enhances collaboration among team members and streamlines processes for tracking and managing tasks.

Shipment Tracking System
Technologies: Java, Spring Boot, Spring Security, JWT, PostgreSQL
Developed a shipment tracking system to manage shipment information and monitor delivery progress. Created a dashboard to display shipment details and delivery statuses, including In Transit and Delivered.

TECHNICAL SKILLS

Programming Languages - Java, JavaScript

Front-End Technologies - HTML, CSS, JavaScript(Intermediate).

Back-End Technologies - Java (Core Concepts, OOPs), Java 8 Stream API., JDBC, Servlet, Hibernate, REST API, Spring Boot(Intermediate).

Database – Oracle 11gXE, MySQL, Postgres SQL (CRUD, joins, subqueries)

Developer Tools - Git, GitHub, Postman, VS Code, IntelliJ, Eclipse

INTERNSHIP

Daya Consultancy Service Pvt Ltd:
Developed and maintained dynamic web applications as an intern using the MERN stack to deliver a seamless user experience. The project involved building responsive front-end interfaces and a robust back-end server, ensuring smooth data flow and real-time updates across the application.

CERTIFICATIONS

- **Internship Completion Certificate** – ZIRA Intelligent Workspace
  Daya Consultancy Service Pvt. Ltd. | December 2024 – March 2025
  Successfully completed an internship project titled "ZIRA Intelligent Workspace", gaining practical experience in software development and project implementation.
- **Java Full Stack Development – Certification (August 2025 - June 2026) | JSpiders, Bangalore**
  Core Java • SQL • HTML/CSS • JavaScript • Spring Boot • Hibernate • REST API
